

## NEWS RELEASE

### **BEHR INTEGRATED SOLUTIONS INC. ANNOUNCES ACQUISITION OF CALIBER PLANNING INC.**

**Calgary, AB September 5, 2019** – Behr Integrated Solutions Inc. (“Behr” or the “Company”) is pleased to announce that it has closed a deal to acquire all the issued and outstanding shares of Caliber Planning Inc. (“Caliber”) effective September 1, 2019.

Behr is a private company providing responsible and innovative consulting expertise to the energy sector to assist in developing effective and sustainable solutions for fire, rescue, emergency response planning, mapping and geomatics, field resident consultation and business continuity planning. Caliber, also a private emergency management company but with more of a focus on call-out systems and interactive mapping, training and well/facility operations, will be combined into Behr immediately subsequent to the transaction. The acquisition of Caliber allows Behr to grow its emergency management presence in the Incident Command System (ICS) and emergency simulation training, field operations and call-out system niches of emergency response planning. The acquisition of Caliber, along with the recently announced arrangement to acquire the emergency management business unit of Skystone International Inc. effective August 9, 2019, will result in an increase to the Company’s annual gross revenue by a factor of greater than 50%.

Dean G. Hill, Chief Executive Officer of Behr commented: “The acquisition of Caliber gives the Company the unique ability in the energy sector to cover all facets of emergency management from mitigation and prevention to preparedness, response and recovery. We welcome Caliber’s existing clients and staff/contractors to the Behr fold.”

On behalf of the Board of Directors of BEHR INTEGRATED SOLUTIONS INC.,

“Dean G. Hill”

Chief Executive Officer
